

Werkwijze Corner Die

1. Cut a card into the right size
2. Paste the Corner Die onto the plate of the die-cutting machine and put the card underneath the Die.

3. Process this through the die-cutting machine.

4. Turn the Corner Die and repeat step 3.

5. Paste the Corner Die onto the other side of the card.

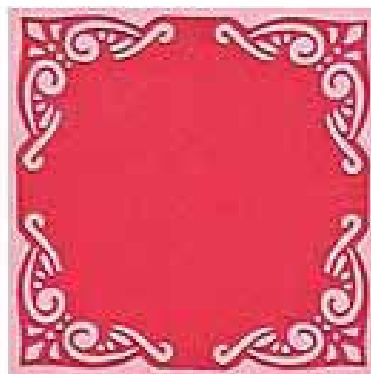

6. Repeat step 3 and 4.

7. Now you've got all four corners, this should be the result!

8. Cut the outer edges of the card.

9. The end result!
