

1. Embos a piece of watercolor paper.

2. The result

This is a plastic sheet  
on white paper.

3. Wipe with the Memento marker on the transparent sheet and take some on with your brush.

4. Color the embossed print/picture as desired.  
Do this with circular motion and start where the  
colour must be the darkest.

5. Wipe after each colour your brush on a tissue.
