

# Werkwijze Swirlmaker

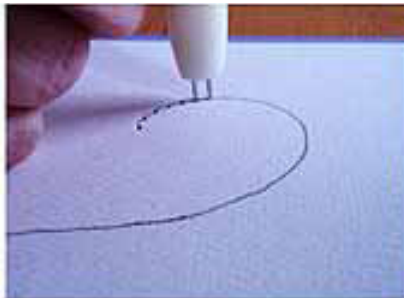

Draw a Swirl on the cardstock.

Pierce two holes on the drawn line with the Swirlmaker.

Stick the whole needle through the cardstock.

Continue doing this for the whole Swirl, use the last hole as the begin of a new piercing.

The result!

Erase the drawn line.

Put a Glue Dot on the top of the piercing tool.

Pick up a Magic Dot.

Stick the Magic Dot through one of the holes. Keep the cardboard in the air, so you don't push through. Then turn the piercing tool.

The end result!  
You can create all kinds of patterns, numbers, letters and more.
