

# Magic Card Die

1. Cut your cardstock to the right sizes.

2. Put a guide line on 1,5 cm and die cut the slits.

3. The result!

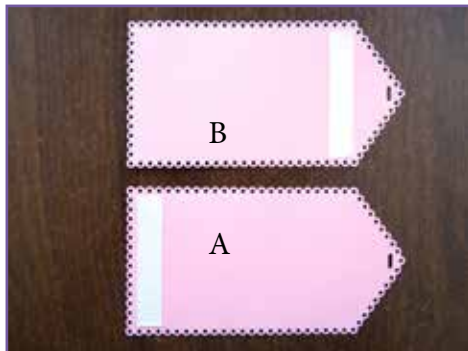

4. Pull a plastic band through the slits.

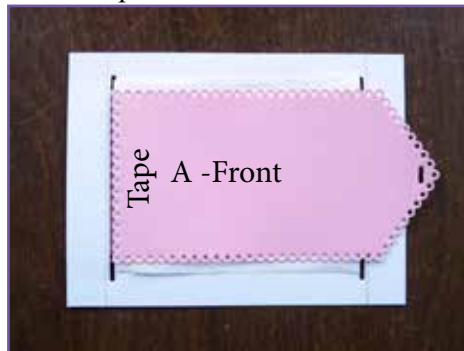

5. Glue the plastic with some double-sided tape.

6. Cut away the excess plastic.

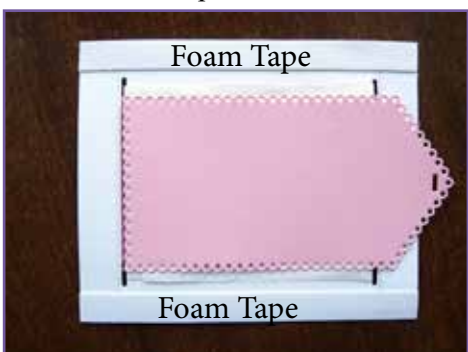

7. Die cut the labels twice and put some double sided tape on it.

8. Stick part A on the frontside. On the seam of the plastic!

9. Stick part B on the backside.

10. Stick foamtape on the long sides. On the front and the back.

11. Stick the front and the back card on top of this.

12. Pull on the label.
